

Merry Christmas!

Dear St. Mary's Children Hospital,
Merry Christmas! Christmas is all about the spirit of Giving to others who need it the most. Keeping this in Mind, the students and alumni of the St. Andrew Avellino School would like to offer our Christmas spirit To the children. We would like to donate the money we have raised caroling around our neighborhood. Enclosed in this envelope, we have \$560. We hope that This gift to your hospital will make this Christmas the Best one yet. Let the children know that they were the Only reason we kept singing, even in the snowy Weather, when our toes butt and hands were freezing cold. At one point we wanted to go to Dunkin' Donuts And get some hot chocolate. We kept our Christmas Spirit up, though, just to make your holiday full of joy And happiness.

Merry Christmas once again and a happy New Year!

-Love the students and alumni of St. Andrew Avellino
